

This research will contain five chapters. In the first chapter, the background of the study, the statement of the problem, the significance of the study, purpose of the study, research objectives and questions will be discussed. The second chapter will entail discussions on my objectives on how mass tourism has affected the environment in Amboseli National Park, the theoretical framework and the conceptual framework. In the third chapter, I will discuss the research methodologies. These include the area of study, the target population, sampling, research instruments, instrument validity and reliability, data collection and data analysis. The fourth chapter will cover my findings and data collected in the research. In the final chapter, which is chapter five I will discuss about the summary of my findings and recommendations.
